Department of Teaching & Learning Parent/Student Course Information

Advanced Placement Physics 2 (SC 4531) One credit, one year Grades 11-12

Counselors are available to assist parents and students with course selections and career planning. Parents may arrange to meet with the counselor by calling the school's guidance department.

COURSE DESCRIPTION

Advanced Placement Physics 2 is an algebra-based college-level course that examines the principles of physics in detail. Topics, such as fluid mechanics, thermodynamics, electrostatics, magnetism, waves and optics and modern physics are explored. This course is designed in accord with the requirements of the College Board. Students are expected to take the Advanced Placement Physics 2 Examination at the end of the course.

COURSE GOALS

- Develop an in-depth understanding of the concepts, principles and processes of physics and applying these principles in the solution of problems
- Develop an understanding of the means by which information about physics is collected, how it is recorded and interpreted, how hypotheses are formulated from available data and how further predictions are made
- Develop the ability to think clearly and to express ideas orally and in writing with clarity and logic
- Engage in science practices, such as asking investigative questions, designing experiments, analyzing data and constructing arguments
- Develop an understanding that science is a human endeavor with social consequences

PREREQUISITE

AP Physics 1
Algebra II/Trigonometry

OPTIONS FOR NEXT COURSE

Advanced Placement Physics C: Mechanics (Calculus corequisite)
Advanced Placement Environmental Science (Biology and Chemistry prerequisite)
Advanced Placement Biology (Biology and Chemistry prerequisite)
Advanced Placement Chemistry (Chemistry prerequisite)
Oceanography (Earth Science prerequisite)

REQUIRED TEXTBOOK

College Physics for AP[®] Courses, OpenStax (2015) (Updated 2021)

MINIMUM REQUIREMENTS

- Demonstrate knowledge and understanding of all core objectives through laboratory investigations, projects, oral and/or written tests, quizzes and reports
- Read and study assigned chapters in the textbook
- Participate in the laboratory activities, prepare written laboratory reports and adhere to all safety procedures
- Read science journals, magazines and books to expand the ideas and topics presented in class

The Knowledge, Skills and Attitudes that Comprise the Advanced Placement Physics 2 Course are summarized as Follows from the Prescribed Curriculum:

Big Idea 1: Systems

Big Idea 2: Fields

Big Idea 3: Force Interactions

Big Idea 4: Change

Big Idea 5: Conservation

Big Idea 6: Waves

Big Idea 7: Probability

COURSE TOPICS

- Fluid statics and dynamics
- Thermodynamics with kinetic theory
- Electric Force, Field, and Potential
- Electric Circuits
- Magnetism and Electromagnetic Induction
- Geometric and Physical Optics
- Quantum, Atomic and Nuclear physics

LABORATORY EXPERIENCES

A minimum of twenty-five percent (25%) of a student's time should be spent conducting hands-on laboratory work. Great emphasis is placed on inquiry-based investigations that provide students with rich opportunities to apply the science practices.

SCIENCE PRACTICES

Students will focus on these disciplinary practices in a rigorous and engaging environment. Students will use evidence to develop and revise explanations and predictions of natural phenomena. Such practices require that students:

- Use representations and models to communicate scientific phenomena and solve scientific problems
- Use mathematics appropriately
- Engage in scientific questioning to extend thinking or to guide investigations within the context of the AP course
- Plan and implement data collection strategies in relation to a particular scientific question
- Perform data analysis and evaluation of evidence
- Work with scientific explanations and theories
- Connect and relate knowledge across various scales, concepts and representations in and across domains

NOTE: Students should keep a record of their laboratory work so they will be in a position to validate their AP Physics 2 course as equivalent to the corresponding college course. Most college placement policies presume that students have had laboratory experience.

Aaron C. Spence, Ed.D., Superintendent
Virginia Beach City Public Schools

Notice of Non-Discrimination Policy

Virginia Beach City Public Schools does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation/gender identity, pregnancy, childbirth or related medical condition, disability, marital status, age, genetic information or veteran status in its programs, activities, employment, or enrollment, and provides equal access to the Boy Scouts and other designated youth groups. School Board policies and regulations (including, but not limited to, Policies 2-33, 4-4, 5-7, 5-19, 5-20, 5-44, 6-33, 6-7, 7-48, 7-49, 7-57 and Regulations 4-4.1, 4-4.2, 5-44.1, 7-11.1, 7-17.1 and 7-57.1) provide equal access to courses, programs, enrollment, counseling services, physical education and athletic, vocational education, instructional materials, extracurricular activities and employment.

Title IX Notice: Complaints or concerns regarding discrimination on the basis of sex or sexual harassment should be addressed to the Title IX Coordinator, at the VBCPS Office of Student Leadership, 641 Carriage Hill Road, Suite 200, Virginia Beach, 23452, (757) 263-2020, Mary.Dees@vbschools.com (student complaints) or the VBCPS Department of School Leadership, 2512 George Mason Drive, Municipal Center, Building 6, Virginia Beach, Virginia, 23456 (757) 263-1088, Elizabeth.Bryant@vbschools.com (employee complaints). Additional information regarding Virginia Beach City Public Schools' policies regarding discrimination on the basis of sex and sexual harassment, as well as the procedures for filing a formal complaint and related grievance processes, can be found in School Board Policy 5-44 and School Board Regulations 5-44.1 (students), School Board Policy 4-4 and School Board Regulation 4-4.3 (employees), and on the School Division's website at Diversity, Equity and Inclusion/Title IX. Concerns about the application of Section 504 of the Rehabilitation Act should be addressed to the Section 504 Coordinator/Executive Director of Student Support Services at (757) 263-1980, 2512 George Mason Drive, Virginia Beach, Virginia, 23456 or the Section 504 Coordinator at the student's school. For students who are eligible or suspected of being eligible for special education or related services under IDEA, please contact the Office of Programs for Exceptional Children at (757) 263-2400, Plaza Annex/Family and Community Engagement Center, 641 Carriage Hill Road, Suite 200, Virginia Beach, VA 23452.

The School Division is committed to providing educational environments that are free of discrimination, harassment, and bullying.

Students, staff, parents/guardians who have concerns about discrimination, harassment, or bullying should contact the school administration at their school. Promptly reporting concerns will allow the school to take appropriate actions to investigate and resolve issues. School Board Policy 5-7 addresses non-discrimination and anti-harassment, Policy 5-44 addresses sexual harassment and discrimination based on sex or gender. Policy 5-36 and its supporting regulations address other forms of harassment.

Alternative formats of this publication which may include taped, Braille, or large print materials are available upon request for individuals with disabilities. Call or write the Department of Teaching and Learning, Virginia Beach City Public Schools, 2512 George Mason Drive, P.O. Box 6038, Virginia Beach, VA 23456-0038. Telephone 263-1070 (voice); fax 263-1424; 263-1240 (TDD) or email him at Keith.Goodman@vbschools.com.
